Caroline,

We will not be ready to discuss this information on Thursday 3/2, so we will have to schedule that discussion for 3/7. Given this, I assume we can cancel our 3/2 meeting. Please confirm asap so I can inform the NCG. Thanks!

Jim

Jim:

The only topic I would like to discuss if AQ is ready is the technical information we have sent you on Friday and Tuesday. The email from Michael Sivak did lay out a schedule for this dispute. Next technical discussion on or before March 7.

“By selecting this date, EPA acknowledges ongoing technical conversations between EPA and AQ, and allows for the next technical conversation to be scheduled on or about March 7, 2017, which is two weeks after EPA’s most recent submittal of information to AQ as part of these ongoing technical conversations. This date also allows for an additional call to discuss issues remaining with regard to the dispute, to be scheduled by March 14, 2017. “

Please let us know your thought on this matter.

thanks
